

A note when editing your schedule(s):

When editing your schedule, it is common to see that classes you may have selected now have disappeared, leaving your form looking like this (see image to the right):

**There is no reason to panic as you were not removed from your classes.** All this means is that some of the classes that you registered for are now full and no longer options for other students to select.

To verify that you are in the classes you selected, or to see your current schedule at any time, check the box at the bottom (“Send me a copy of my responses”) and click “Submit”.

An email will be sent to your Explore Academy email with your scheduled classes.

Send me a copy of my responses.
